

The 3rd IABSE Young Engineers Colloquium in East Asia, 19-20 January 2024, Seoul, Korea

Preliminary Invitation and Call for Papers The 3rd IABSE Young Engineers Colloquium in East Asia 19 and 20 January 2024, Seoul, Korea

Objective

The primary objective of this colloquium is to help young structural engineers (under the age of 40) in East Asia make friends, learn from each other and develop their professional career together. It aims to offer a platform to present their researches, projects and innovative design ideas.

Organized by

Korean Group of IABSE
Chinese Group of IABSE
Japanese Group of IABSE
Hong Kong Group of IABSE

Hosted by

Korean Group of IABSE
KIBSE (Korean Institute of Bridger and Structural Engineers)
ICEE (Institute of Construction and Environmental Engineering) SNU
FLORA (Floating Infrastructure Research Center) SNU

Important Dates

Call for Papers opens:	October 23th 2023
Deadline of Application Form Submission:	November 30th 2023
Deadline of Paper Submission:	December 22nd 2023
Deadline of Registration:	December 22nd 2023
Colloquium:	January 19 and 20 2024

Venue

#B103, Bldg 39, Seoul National University (SNU)
1, Gwanak-ro, Gwanak-gu, Seoul, Korea

Bldg 39, Seoul National University

#B103, Bldg 39

Organizing Committee

Chairs:

Prof. Ho-Kyung Kim, Seoul National University, Korea
Prof. Limin Sun, Tongji University, China
Prof. Shunichi Nakamura, Tokai University, Japan
Mr. Naeem Ullah Hussain, Ove Arup & Partners, Hong Kong
Prof. Hyun-Moo Koh, Seoul National University, Korea
Prof. Yaojun Ge, Tongji University, China
President. Yozo Fujino, Yokohama National University, Japan

Secretaries:

Prof. Wonsuk Park, Mokpo National University, Korea.
Prof. MingMing Song, Tongji University, China
Prof. Tomonori Nagayama, University of Tokyo, Japan
Mr. Steve Kite, Ove Arup & Partners Ltd, Hong Kong

Members:

Prof. Min-Woo Chang, Myongji University, Korea
Prof. Yunbyeong Chae, Seoul National University, Korea
Dr. Kyung-Sik Cho, DM Engineering Co., Ltd., Korea
Prof. Dong-Ho Choi, Hanyang University, Korea
Prof. Jong-Kwon Choi, Hongik University, Korea
Mr. Sunglak Choi, ENVICO Co., Ltd., Korea
Dr. Nam-Hee Kim Hong, Korean Institute of Bridge and Structural Engineers, Korea
Prof. Eui-Seung Hwang, Kyung Hee University, Korea
Mr. Chang-Su Kim, DM Engineering Co., Ltd., Korea
Dr. Do-Bin Kim, CHUNIL Co., Ltd., Korea
Prof. Seung-Jun Kim, Korea University, Korea
Prof. Sunjoong Kim, University of Seoul, Korea
Prof. Sun-Yong Kim, Wonkwang University, Korea
Prof. Tae-Yong Kim, Ajou University, Korea
Prof. Jong-Han Lee Department of Civil Engineering, Inha University, Korea
Prof. Young-Joo Lee, Ulsan National Institute of Science and Technology, Korea
Prof. Kyung-Chan Lee, Pai Chai University, Korea
Prof. Yun-Mook Lim, Yonsei University, Korea
Dr. Ji-Woon Yi, POSCO Co., Ltd., Korea
Prof. Hyun-Woo Park, Dong-A University, Korea
Mr. Sung-Kyun Park, COWI Korea Co., Ltd., Korea
Prof. Wonsuk Park, Mokpo National University, Korea
Prof. Wonsuk Park, Mokpo National University, Korea
Prof. Yeun-Chul Park, Inha University, Korea
Prof. Chang-Su Shim, Chung-Ang University, Korea
Mr. Sang-Hoon Shin, Cable Bridge Co., Ltd., Korea
Prof. Hyung-Bo Sim, Incheon National University, Korea
Prof. Sung-Han Sim, Sungkyunkwan University, Korea
Mr. Yun-Ki Son, ENVICO Co., Ltd., Korea
Prof. Hyung-Chul Yoon, Chungbuk National University, Korea
Prof. Dong Xu, Tongji University, China
Prof. Ye Xia, Tongji University, China
Prof. Yiqing Zou, Liuzhou OVM Machinery Co., Ltd., China
Prof. Wei Fan, Hunan University, China
Prof. Lin Xiao, Southwest Jiaotong University, China
Mr. Yingliang Wang, China Railway Eryuan Engineering Group Co., LTD., China
Mr. Gongyi Xu, China Railway Major Bridge Reconnaissance & Design Institute Co., LTD., China
Prof. Bin Yan, Beijing University of Technology, China
Prof. Lin Chen, Tongji University, China

Prof. Ji Qian, Chongqing Jiaotong University, China
Prof. Yukari Aoki, Akita University, Japan
Prof. Shuichi Fujikura, Utsunomiya University, Japan
Prof. Yusuke Kurihashi, Kanazawa University, Japan
Prof. Hiroshi Tamura, Yokohama National University, Japan
Prof. You Dong, Hong Kong Polytechnic University, Hong Kong
Mr. Ricardo Ferraz, Ove Arup & Partners Ltd, Hong Kong
Dr. Nagi Yeung, Ove Arup & Partners Ltd, Hong Kong

Team Design Competition Committee

Chair:

Dr. Nam-Hee Kim Hong, Korean Institute of Bridge and Structural Engineers, Korea

Members:

Mr. Sunglak Choi, ENVICO Co., Ltd., Korea
Dr. Ricardo Ferraz, Ove Arup & Partners Ltd, Hong Kong
Prof. Shuichi Fujikura, Utsunomiya University, Japan
Prof. Shuichi Fujikura, Utsunomiya University, Japan
Mr. Chang-Su Kim, DM Engineering Co., Ltd., Korea
Prof. Yusuke Kurihashi, Kanazawa University, Japan
Prof. Jong-Han Lee Department of Civil Engineering, Inha University
Prof. Shunichi Nakamura, Tokai University, Japan
Mr. Sang-Hoon Shin, Cable Bridge Co. Ltd., Korea
Mr. Yingliang Wang, China Railway Eryuan Engineering Group Co., LTD., China
Mr. Gongyi Xu, China Railway Major Bridge Reconnaissance & Design Institute Co., LTD., China
Prof. Bin Yan, Beijing University of Technology, China
Prof. Hyung-Chul Yoon, Chungbuk National University, Korea

Technical Session Committee

Chair:

Prof. Chang-Su Shim, Chung-Ang University, Korea

Members:

Prof. Yukari Aoki, Akita University, Japan
Prof. Yunbyeong Chae, Seoul National University, Korea
Prof. Lin Chen, Tongji University, China
Prof. You Dong, Hong Kong Polytechnic University, Hong Kong
Prof. Sunjoong Kim, University of Seoul, Korea
Prof. Sunyong Kim, Wonkwang University, Korea
Prof. Young-Joo Lee, Ulsan National Institute of Science and Technology, Korea
Prof. Tomonori Nagayama, University of Tokyo, Japan
Prof. Ji Qian, Chongqing Jiaotong University, China
Prof. Yeun-Chul Park, Inha University, Korea
Prof. Hyungbo Shim, Incheon University, Korea
Prof. Hiroshi Tamura, Yokohama National University, Japan
Prof. Dong Xu, Tongji University, China

Program

I. Team Design Competition:

Young engineers will design urban structures in waterfront spaces within the scope given and present their ideas. The design sites and the related information are provided in separate documents. The international experts from the IABSE national groups will evaluate the submitted designs.

II. Presentation of research papers or project reports

Young engineers can present research papers on any topic in structural engineering including PhD and MS studies. They can also present construction projects of any kind of structures. The presentation will be made verbally.

III. Social Activities

For participants, there will be a campus tour and a colloquium dinner arranged. The campus tour includes Extreme Performance Testing Center (ETPC), SNU Museum of Art and SNU Library.

Schedule (KST)

January 19th (FRI)

8:30 - 9:00 Registration

9:00 – 9:15 Opening Ceremony

9:15 – 9:45 Keynote Lecture

9:45 – 11:30 Design Competition Session-1

11:30 – 13:00 Lunch at Bldg 75-1, Cafeteria

13:00 – 14:30 Design Competition Session-2

14:30 – 17:00 Campus Tour

Extreme Performance Testing Center, SNU Museum of Art, SNU Library

17:30 – 19:00 Colloquium dinner and Design competition awards

Bldg 38, #B101 (Multi-Purpose Auditorium)

January 20th (SAT)

8:30 - 9:00 Registration

9:00 – 10:30 Technical Session-1

10:30 – 10:50 Coffee break

10:50 – 12:10 Technical Session-2

12:10 - 13:10 Lunch at Rak-Gu-Jung, Bldg 39, B1 (Restaurant)

13:10 – 14:40 Technical Session-3

14:40 – 15:00 Closing ceremony with oral presentation awards

Extreme Performance Testing Center (ETPC), Seoul National University

SNU Museum of Art

SNU Library

Application for Presentation

Young engineers can present research papers on any topic in structural engineering including PhD and MS studies. They can also present construction projects of any kind of structures. The presentation will be made verbally, and the presentation time will be 7 minutes. Young engineers under about 40 years old can apply for presentations. The presentations are going to be held in English. Please submit the application form by November 30th 2023 via each national group secretary.

Korean group of IABSE:	Prof. Wonsuk Park, Mokpo National Univ., wonsuk@mokpo.ac.kr
Chinese group of IABSE:	Prof. MingMing Song, Tongji Univ., mingmingsong@tongji.edu.cn
Japanese group of IABSE:	Prof. Tomonori Nagayama, Univ of Tokyo., nagayama@bridge.t.u-tokyo.ac.jp
Hong Kong group of IABSE:	Dr. Nagi Yeung, Ove Arup & Partners Ltd, Hong Kong., ngai.yeung@arup.com

Submission of Papers

Please submit a two-pages paper along with a brief Curriculum Vitae for participating in the oral presentation. The submission deadline is December 22nd 2023. Please forward your submissions to iabseyec2023seoul@kibse.or.kr.

Registration

Young engineers in any country can make presentations and participate in the design competition of footbridges. Not only young engineers but also senior engineers are expected to participate in this colloquium and are welcome for discussions and giving advice to young engineers. Registration fee is 160,000 KRW (About 120 USD). This registration fee includes proceedings, lunch and the colloquium dinner. Please register online (website address tba) before December 22nd 2023.

Social Activities

A campus tour and a colloquium dinner will be arranged. During the campus tour, participants will visit the Extreme Performance Testing Center (EPTC), SNU Museum of Art, and SNU Library.

Accommodation

There is an on-campus accommodation option, Hoam Faculty House. If you want to make a reservation at Hoam, you can use the website below separately. Due to the significant demand for on-campus accommodations, it is strongly advisable to make a reservation as soon as possible. Price for a standard room is 121,000KRW, and the price for a deluxe room is 148,000 KRW. The room prices are based on the current rate and may be subject to change in the future. <https://www.hoam.ac.kr/eng/>.

The conference venue, the main campus of Seoul National University can be accessed easily by Subway Line #2 (Green Line, https://en.wikipedia.org/wiki/Seoul_Subway_Line_2), so we kindly suggest you try to find and reserve hotels near main subway stations on the line, e.g. Sadang, Gangnam. Based on our survey, the earlier you make a reservation, the better deal you can get from the hotel you prefer. Accommodation information can be downloaded from the online link that will be announced later.
